

Artist T-Bone
Label T-Bone

T-Bone--Thailand's most delicious musical dish to date! The recipe is reggae, ska, jazz with a distinctive Thai flavour, a little dash of tongue-in-cheek humor, dazzling performances, and a lot of experience. This 9-member band gives undoubtedly the best live performances, with a seemingly telepathic ability to communicate amongst one another, which makes for a truly exhilarating experience for their audiences. They are also one of the most internationally recognized Thai bands, having performed with the likes of **INXS** (which quoted T-Bone as one of their top 10 favorite bands in the Rolling Stone magazine), **UB40**, **Tokyo Ska Paradise**, Skatalites ,Skacubano, Little Roy , Winston Francis , Prince Fatty and **The Beat**.

Having had a chance to present their work in London in 2005 playing live at a Tsunami Benefit event together with The Beat, among others, had brought about an opportunity for T-Bone to be the first band from Thailand to be invited to perform at **Glastonbury Festival 2005 and 2007** , Womad 2007 and The Smiley Festival 2009 With 20 years of legacy behind them and a solid fan base that continues to expand, T-Bone is stronger than ever, with each new album eagerly awaited by all their fans!!
